

Our Beginnings

In July 2002, a small group of Catholics traveled with Fr. Emmanuel Katongole on a cultural exchange trip to Uganda. During their visit to Fr. Emmanuel's village, the group accompanied villagers to their only

water source, a muddy pond about a mile from the village. The fact that these people were lacking one

of humanity's most basic needs, clean water, which we take for granted everyday, had a profound impact. Similar experiences also occurred during visits to schools and orphanages around Uganda.

Upon returning, the group began gathering monthly to share their ex-

periences, which resulted in the addition of several people who had had profound direct experiences of need in other Majority World countries. This culminated in the desire to form a more permanent organization that would work to educate people to

the needs of our brothers and sisters in developing countries and to provide assistance to those in need.

Thus far we have shared our blessings with people in Uganda and Bolivia.

Share the Blessings' Goals

Clean water for drinking,
for cooking, for washing,
.....for **LIFE**.

Share the Blessings' goal is to finance at least two wells per year. These may be deep wells or shallow wells, depending on the local hydrology. Deep

wells cost about \$10,000, shallow wells cost about \$5,000. Nine new wells have been built

so far in six Ugandan villages bringing clean water to hundreds of people. Plus, because local contractors are used, these funds help to improve the regional economy.

Education for the mind,
for the heart, for the soul,
.....for **LIFE**.

Share the Blessings' goal is to provide education tuition and support for at least 100 children per year. Approximately \$200 will provide education for one child for a year and an additional

\$150 will supply room and board. So far over 300 children and adults have received

support for their education. Plus, a school has been renovated and 22 computers have been placed in schools for student and teacher use.
